He has agreed to abide by the order that Govt may pass for the efficient management of the charity and the appointment of non-official Dharmakartas is one of the ordinary methods by which the Govt ensures the efficient management of charitable institutions. It does not seem therefore the expedient to accede to the wishes of Subramanya Iyer in this respect. Apparently Subramanya Iyer has no objection to the personnel of the Committee.

Regarding the arrangements ordered for the custody of paddy, there is some force in the objection put forward and it seems the necessary to grant a further latitude to the Manager of the institution to dispose paddy suitable for the purpose.

Similarly it will tend to easier working if remittances are made me a month to the Treasury of the balance found to remain in the Manager's hand as the result of the monthly audit. The Subcommittee may

In the last para of his petition Subramanya Iyer desires that the formalities of Kuppam may be conducted after the collection supervised. There is no justification for this request as the Control of the village will actually remain with him.

His Excellency the Dewan Sahib of Mysore,

DIARY No 87

13/12/13

Most Respected Sir,

With reference to proceedings of Government in the Muzarai Department No.2411-13/Muz. F.24-11-13 dated 17th April 1912 passing orders in regard to the restoration of Inam Kuppagala village in the Mysore Taluk to my management with effect from 1st July 1912 and imposing certain conditions about the future management of the Dharmasala and my personal representation to your Excellency the other day, I beg to submit the following representation for the favorable consideration of Government.

2. The Government are not unaware that the Inam village in question was acquired by purchase by the elders of my family and subsequently set apart for charity: and I beg to submit that the wishes of my elders are scrupulously adhered to till this day. In regard to the cash grant of Rs.72/- per mensem granted to the Dharmasala by His Highness Krishna Raja Wadayar III referred to in the Government Proceedings No.1087/Muz.F.30.96 dated 5th April 1897 a little explanation seems called for so that the Government may know exactly how the said allowance was obtained. There were transactions between the elders of my family and the Palace and in the settlement of account through the special court my elders were made to forego a large sum of Rs.13,000 odd, then decreed and as a favour in return His Highness the Maharaja was graciously pleased to sanction the monthly grant of Rs.72/- from Palace Funds. Subsequently in the distribution of charges this item along with others was transferred to the Muzarai Department of the state for payment. Thus it may be seen that the monthly grant also was hard earned, and that it was granted from the Palace Funds.

3. By Gods' favour and the blessings of my elders I e -

the Dharmasala is maintained on the lines sketched out by my elders and proper accounts are kept up-to-date. In 1897 when the Government expressed its intention of controlling these charities I protested on principle and not upon any motives: but at last finding the advantages I yielded and till now I was abiding by the orders passed by Government or communicated to me through the Amildar. Latterly when I found myself greatly hampered in the matter of getting needful repairs and doing other improvements to Dharmasala I prayed the Deputy Commissioner to restore the village to me so that I might attend to the Dharmasala work with greater promptness, Mr. Kantha Raj Urs was kind enough to recommend the case to the Government and the Government in Proceedings of 17th April 1912 ordered the restoration of the village with certain conditions.

4. I am quite willing to maintain the accounts prescribed in the Proceedings and I am quite willing to submit myself to the supervision of the City Magistrate and other officers of Government under whose protection I am placed. When framing the conditions if I had been asked to be present I would have clearly explained my reasons for not agreeing to the appointment of non-official members for the supervision of our charities. The charities above referred to are as a matter of fact not peoples' money to be scrutinized by their Dharmadarlors. They are our own and the Government are welcome as our welwishers to inspect and point out our defects and get them corrected: but I respectfully submit that I may be kindly spared from the scrutiny and control of non-official members, who have no manner of right to interfere with our concerns: and from my peculiar nature I consider that I am not a fit person to give them satisfaction and I therefore pray that these people may be kindly removed from the list.

5. In regard to locking up of paddy' the method suggested is troublesome and attended with much inconvenience, at times paddy has to be sold to advantage or exchanged if the kind

kind happens to be inferior: and full descretion and control -- should be vested in me. I am prepared to render any account that may be prescribed in regard to deposit and disposal of paddy. - Again in regard to cash: the restriction placed is very stringent; unforeseen necessities do arrive and monies have to be advanced or spent in anticipation and afterwards adjusted; for which cash on hand is absolutely needed: and if for every payment I am to go to Taluk my position becomes low and the troubles to which I would be subjected to are multifarious. As a regular cash account is maintained showing every day transactions and which is scrutinized by the Government agency there may be no cause for anxiety and at the end of the year all the surplus cash will be lodged in the Treasury.

6. The annual Jamabandy should be ordered to be conducted by the Amildar, and the collectors supervised. If this - is done the collections will be prompt. When monies come in regularly the kandayams of lands belonging to Dharmasala may be discharged in time and the balance appropriated to meet the items for which allotments are made. Thus if my hands are strengthened I - may be able to show appreciable improvement in the dispensation of the charities and the Government also can notice the improvement - from time to time. I have therefore taken the liberty of placing my independent views before the Government before proceeding to - assume the management of the village: and I have postponed taking over the village till the 10th instant before which date I pray - that the Government will be pleased to give my representation its due consideration and pass favourable orders so that I may boldly enter upon my duties and discharge them to the best of my abilities. God has sufficiently given me means to live upon and if is my desire to maintain the institutions built by my ancestors in an efficient condition and to do which effectively I have ventured to - submit this representation.

I beg to remain,
Most Respected Sir,
Your most obedient servant,

5th July 1912.

General no: 10.

Sir,

With reference to your memo no 206 dated 12th June 1913 enquiring whether the new arrangement ordered in Government proceedings no. 2411-13 Revenue 481-08 dated 17th April 1912 regarding the gajjulal's Dharmasala and the Charities Connected therewith

has come into force etc,

I have the honor to state as follows:-

That Government in their Proceedings No. 2416 dated 14th April 1912 Mins 480-08-8 directed the constitution of a Committee to supervise the management of the Charities of the Dharmasala with the City Magistrate Mysore as President and Subramanyalala as Manager and Tegavandala as permanent members and Ambla Ammah pandit, and Ananthasayiah and Ramaiah Madappa as members for a period of Three years.

2. This arrangement has been brought into force from July 1912 and the Committee held its ~~sittings~~ 1st meeting on

on 20th July, and passed resolutions for bettering the management of the Charities, subsequently five meetings were held on the following dates 27th July, September 26th, November 19th 1912 and March 16th and June 29th 1913. Proceedings of these meetings have been duly recorded and Copies thereof have been duly submitted to Govt

3. The Committee was not able to hold its meetings every month owing to the absence of the manager and the Committee members from the town but proper arrangements have now been made to regularly hold the meetings regularly

every month in future

12

4. The old practice of giving doles of $\frac{3}{4}$ of a seer of rice for the 1st day and $\frac{1}{4}$ of a seer for the 2nd and the following days without any limit of time to Byragis has been discontinued by a resolution of the Committee passed on 26th September 1912 and limited to $\frac{3}{4}$ of a seer of rice for the 1st day and $\frac{1}{4}$ of a seer of rice for three subsequent days. The practice of giving doles of chillies green gram etc has been discontinued and a cash dole of 1 anna per head was been substituted.

5. The accounts prescribed by Government are maintained by

by the manager and the daily abstracts of accounts are being submitted to the presidents' office by him Tejaram Lala along with one of the other committee members by turns have been ~~done~~ auditing the accounts, and the accounts and the auditors' report are considered at every meeting of the Committee.

6. Prince Gulam Mahomed's Charity Fund clerk and peon attached to the City magistrates' office type are attending to the Dharmsala presidents' office business also from July 1912. An allowance of Rs5/- to the clerk and Rs 1½/-

to the peon and Rs 1/4 -

are paid monthly from January 1913
as per resolution of the Committee
passed at a meeting held on 16-3-1913
out of the amount Rs 100/- placed at
the disposal of the Committee, in the
Scale fixed by Government.

7 The manager had the sole custody
of the paddy and the rice until
very recently, and the Committee
fully considered all the objections
raised by the manager and the
inconveniences urged by him and
passed a resolution on 29-6-1913
to have the paddy of the Dharmasala
stored in barns in the manner
ordered in the Government
proceedings but under the double
locks

of the manager and the president. Accordingly the paddy of the dharmasala was measured in the presence of the manager and the president and was duly stored in barns and the barns were locked by the president and manager separately. An imprest of Rs 150/- in cash and 7 Khandigas of paddy i.e. the equivalent of about 5 1/4 pallas of rice are also held by the manager. The cash income of the dharmasala is being deposited in the Mysore District Treasury Savings Bank in the name of the President

from 2-4-1913 as per
the 16 Committee dated 16-3-1913 and
a sum of Rs 2538-5- now stands
at the credit of the Dharmasala.
Thus the manager can have his imprest
readily recouped - without
inconvenience or trouble, by applying
to and obtaining from the president
a duly signed Savings Bank
withdrawal form. In this connection
it should be stated that some
more money to the extent of
Rs8818-8-6 which belong to the
Dharmasala Charities and which
accrued to the same while the
village of Kuppagala was under
Government

Government management have
been credited by the Deputy Commissioner
to the Muzrai Funds. As all the
money of the Dharmasala is now
being kept in the Mysore Government
Savings Bank in the name of the
President the Deputy Commissioner
is requested to make arrangements
to restore the above sum of Rs 8818-86
also to the president of these
Charities for being kept in the
Mysore Government Savings Bank.
It is out of the said sum that
a sum of Rs 4523/- has been
appropriated by Government for
the repairs of the Dharmasala

In matter the Dc

will also be addressed in a separate

communication.

8. During the short period

the Dharmasala affairs were

being supervised by the

president with the valuable

assistance rendered by the

non-official members of the

Committee in connection therewith

a general progress in all directions

has been attained in the
